

2014
Donor Impact
Report

Aurora Health Care Foundation[®]

Welcome from our Foundation President

Dear Friends,

We are a stronger, healthier community because of your generous support of Aurora Health Care services and programs.

Your support to Aurora Health Care Foundation in 2014, combined with more than 19,000 thoughtful donors, raised \$15.3 million to advance care, grow technology and help provide the best care available to our neighbors, family and friends. Together, we're investing in resources to help people live well. None of this could be possible without your generosity.

Donations helped to purchase state-of-the-art equipment, palliative care programs, bereavement support, art therapy for cancer counseling, transplant patient housing and cancer survivorship programs. And those are just a few areas your gift is making a difference.

Our annual **Donor Impact Report** highlights the people who are impacted by your gifts. Their lives have changed and are forever grateful for your support to Aurora Health Care Foundation.

Thank you for choosing to transform lives and reshape health care programs and services. You are igniting hope for so many people in our communities.

Always,

Cristy Garcia-Thomas
Chief Diversity and Inclusion Officer and
President, Aurora Health Care Foundation

Your gifts at work

In 2014, Aurora Health Care Foundation approved 470 requests for Foundation funds. A total of \$11,319,677 was disbursed from Aurora Health Care Foundation funds to support programs and initiatives that enhance Aurora Health Care programs by:

- Supporting innovation through investment in new technologies, creating better care models and making discoveries that bring the latest in medicine to the forefront of our practices.
- Helping more people in our communities thrive by empowering individuals to live well - before and after treatment or services.
- Actively addressing gaps in health and wellness systems that impact the medically underserved in our communities.
- Providing Aurora caregivers opportunities to advance their expertise and knowledge.

Totaling \$11.3 Million

How your gifts transformed lives in 2014 ...

People visited **Lighthouse on Dewey** each week for behavioral health recovery and community program meetings.

Provided with groceries through Aurora Family Service to make a Thanksgiving meal together and strengthen family ties.

Served by The Healing Center, the state's only center dedicated to helping survivors of sexual assault recover at any point in their healing journey.

Students enrolled in Kradwell School's 2014 fall program - its biggest class to date. Kradwell is a private, nontraditional school for students in grades 5-12 who struggle in a traditional school environment.

Dollars raised at Lombardi Walks to Tackle Cancer events supporting Aurora Cancer Care programs.

Communities serviced with new automated CPR devices.

Aurora Research Institute awards distributed for new pilot projects in oncology and cardiovascular research.

Infinity Society donors who committed \$1,000 or more to Aurora Health Care Foundation.

Aurora caregivers who pledged \$3.6 million through the **Aurora Partnership Campaign** to support Aurora programs and other nonprofit organizations.

Helping emergency responders when seconds count

Because of your support to Aurora Health Care Foundation's 2014 efforts to help emergency responders, lives are already being saved. Two campaigns raised more than \$350,000 collectively to purchase 25 new cardio pulmonary resuscitation (CPR) devices for emergency medical providers in Walworth, Washington, Dodge, Jefferson and Waukesha Counties. The machines provide automated CPR on cardiac arrest patients while they are being transported for emergency care.

In the town of Hartford, Wis., not even 30 minutes after the device was put into service, firefighters received a call for a 53-year-old woman in cardiac arrest. When they arrived, the woman had no pulse and was not breathing. Her heart was shocked three times and the device was assembled. By the time the woman arrived at Aurora Medical Center in Washington County, she had a pulse. She made a full recovery.

"It is incredibly rare that someone is resuscitated during transport. And in this case, it was the maiden voyage of the device. Without it, we would have had to rotate staff during compressions because it's very exhausting. And it's all happening while the patient is being moved around. For there to be no neurological impact to this patient is incredible," said Paul Stephans, Fire Chief of Hartford Fire and Rescue.

Hartford Police and Emergency Medical Services with their new CPR device.

Not only are the devices designed to provide consistent, uninterrupted chest compressions, they also free up emergency responders to do other lifesaving work for the patient. Learn more at give.aurora.org/lifesaver.

Top 5 Blog Stories of 2014

1 **4 miracles** celebrate their first birthday, after being the first quadruplets born at Aurora Sinai Medical Center.

2 **Congratulations!** You're helping a new baby by supporting the NICU registry at Aurora West Allis Women's Pavilion.

3 Why do so many breast cancer patients **call this woman "an angel" in their life?** Hear from Tracy Bliske, Breast Cancer Nurse Navigator at Aurora Medical Center Oshkosh.

4 **Doctors Day:** A daughter's special thank you letter to Aurora Zilber Family Hospice.

5 **9-year-old artist** shares her gratitude after CT scan at Aurora St. Luke's South Shore.

Community efforts raise awareness and support for Behavioral Health Services

Tony-award winning performer Ben Vereen, left, with Donna and Dr. Tony Meyer of Aurora Health Care. Dr. Meyer received a Lifetime Achievement Award.

Your support helped expand access to necessary behavioral health care throughout eastern Wisconsin and northern Illinois. In Milwaukee, donors and supporters raised \$300,000 at Aurora's signature event, the *There is Light Gala*. The event benefited Aurora Psychiatric Hospital, Kradwell School - an alternative school for students in fifth through twelfth grade, and the Dewey Center for substance abuse treatment.

In Sheboygan, the community came together to raise \$700,000 to build a new Behavioral

Health Wellness Center that will provide greater access to important services like counseling, therapy groups and a Partial Hospitalization Program. At the *Light the Way* campaign launch, local leaders, health professionals and patients shared personal stories of the prevalence and costs related to untreated behavioral health issues. Additionally, *ACUITY* Insurance announced a generous \$125,000 match to all community donations received by the end of the year. Learn more at give.aurora.org/lighttheway.

YOUR GIFT ...

Sophia at Aurora Family Service.

Provides families with a new meaning of Thanksgiving.

Sophia was able to have a warm holiday meal with her family on Thanksgiving thanks to Aurora Family Service's Family to Family Thanksgiving program. Sophia lost her job while she was battling breast cancer in 2009. She said the generosity of the effort helped reinforce the meaning of Thanksgiving for her and her daughter.

"That's the day you give thanks and reflect on being thankful for what you have. I'd like to say thank you very much for everything. This means a lot to me," said Sophia. Thanks to the generosity of donors, 3,100 families received groceries and brought their loved ones together for a Thanksgiving meal. Learn more at aurora.org/thanksgiving.

Samantha at 2014 Hope Shining Blue.

Helps survivors heal and thrive.

Self-confidence. Resilience. Hope. Just a few of the emotions shared at the inaugural Hope Shining Blue presented by BMO Harris Bank. This Denim Day celebration was held at the Harley Davidson Museum to support The Healing Center, an Aurora Health Care Well Community program. The event included a fashion show featuring models, like Samantha, who were also sexual assault survivors. Survivors shared how The Healing Center supported them in their healing process. To learn more, visit TheHealingCenter.org.

Dr. Arshad Jahangir and Dr. A. Jamil Tajik, President of Aurora Cardiovascular Services.

Transforms lives today ... and into the future.

In April, 2014, His Highness Sheikh Khalifa bin Hamad Al Thani, former Emir of Qatar, committed \$2 million to advance research through the Sheikh *Khalifa bin Hamad Al Thani Center for Integrative Research on Cardiovascular Aging* (CIRCA).

The Center is led by Dr. Arshad Jahangir and is one of few in the country dedicated to studying the effect of aging on cardiovascular health and in developing diagnostic, predictive and therapeutic interventions.

Helps people access needed cancer services.

Each day, 86 people in Wisconsin hear the words, "you have cancer." And in 2014, the Lombardi Walk to Tackle Cancer events were expanded by adding another location in Walworth County. Vince Lombardi Cancer Foundation provides a 50% match on all donations raised, which supports

Aurora Cancer Care clinics in the communities where the walks are held. Last year, Vince Lombardi Cancer Foundation gave \$600,000 to support Aurora Cancer Care programs and research.

YOUR GIFT ...

Provides new technologies to improve cardiac care.

Thanks to generous gifts from people in Ozaukee County, nearly \$59,000 was raised to purchase a new mapping system that gives physicians like Ryan Cooley, MD, an electrophysiologist at Aurora Medical Center in Grafton, the latest technology in treating heart arrhythmias.

The new catheters have something called "contact force sensing" that helps determine the exact force between the catheter and the tissue. Dr. Cooley says this will help cut down on the need for patients to have repeat procedures. Prior to this, patients had to travel to Aurora St. Luke's Medical Center in Milwaukee for this procedure, as it's the only other Aurora hospital with this technology.

YOUR GIFT ...

Recognizes medical leaders and celebrates a legacy of care in Kenosha County.

The Infinity Ball was held on October 18, 2014 in Kenosha. Attendees celebrated Aurora Health Care's 20 year commitment in their community, and honored James Monahan, MD, an Internist who specializes in cardiology in Gurnee, Ill. Bonnie Green, a patient of Dr. Monahan who has a family history of heart disease, said she trusts Dr. Monahan "with her life." The event raised \$147,000 to advance cardiovascular services at Aurora Medical Center in Kenosha.
